EUROPE'S LEADING AEM DEVELOPER CONFERENCE

28th – 30th SEPTEMBER 2020

Sling Pipes 4.0.0 update

Nicolas Peltier

- Chainable and pluggable common sling operations,

- Executable from code, HTTP, JMX,

- Additional handy goodies like

  - dryRun,

  - schedule,

  - throttling,

  - Pipe Model to reuse for rendering,

  - …

Some changes

- SLING-7772: default expression language is JEXL, nashorn, rhino, groovy, … as an option

- SLING-9644: you must be able to read /system/sling/permissions/pipes/exec to execute pipes

- SLING-9556: command build & run through POST

Démo
